

Lincoln Trojan Band

Presents

Rehearse-a-Thon

September 25, 2021

It's a Practice...It's a Performance...It's a Fundraiser!!!

Rehearse-a-Thon this year will be a full day rehearsal followed by a performance for family and friends on the Lincoln practice field of the 2021 Show, **Up in the Air** featuring "Learn to Fly" by the Foo Fighters, "Moondance" by Van Morrison and Stravinsky's "Firebird".

Practice: Students will report to LHS at 8am on Saturday, September 25. The schedule for the day will include rehearsal and sectionals for the half time show. Lunch will be provided to the marching students by the band boosters. Ms. Haugen will release the full schedule before the event. Students should prepare just as they would for a regular day of band camp. This includes light clothing, sunscreen, hat and **WATER**.

Performance: There will be a performance on the practice field at **5pm**. Family and friends will be invited to purchase tickets the day of the event for a suggested donation of \$20. Each group will be given the option of an open space in the faculty parking lot or a spot for their car in the senior parking lot. Details about ticket purchase and logistics will be sent out closer to the event.

Fundraiser: Students will be asked to collect pledges for each hour they rehearse or a flat rate for the full day. Family, friends, teachers, co-workers and anyone else who wants to support the band is welcome to pledge. Funds will be split evenly between the student's individual band account and the band general fund. The band portion will go towards marching band expenses. Students will collect pledges from September 7-25 and all funds will be due on Monday, September 27. Everyone who donates \$5 or more will receive a pinback button to wear to show their support of the Lincoln Trojan Band. There will also be Trojan Band merchandise for sale the day of the event, including show shirts, car magnets, and more.

Our fundraising goal is **\$5,000!** We have about 100 students in our program this year including marching & non marching, musicians & color guard. There will be incentives for the students who collect the most pledges. If each student collects \$50, we can easily reach our goal. Let's show Ms. Haugen what the Lincoln Trojan Band can accomplish when we try!

Thank you!
