Welcome, current & future Trojan Percussionists!

Please join us for a week-long drumline workshop, where students (of all ages and experiences) have the opportunity to learn the ins-and-outs of the marching drumline! We will teach you how to safely hold a drum, perform simple exercises with proper technique on a drum of your choosing, and engage various musical senses to blend within a drum ensemble. Students going into 6th, 7th, or 8th grade are encouraged to attend only Monday-Thursday, as Friday will consist of individual auditions for the 2023 high school drumline.

If you have any questions, please reach out to me below. We look forward to drumming with you!
